

SC250 is scrubbing, sweeping and drying in every corner

With its compact, highly maneuverable design, the SC250 is ideal for scrubbing in tight corners or under tables or chairs. Its adjustable and foldable handle makes transport and storage easy. Easily raise the front squeegee to sweep up small debris while scrubbing, thereby minimizing the need to pre-sweep. Designed to pick-up water in forward and reverse directions, the SC250 ensures a clean, dry, more hygienic environment while decreasing chances for slip-and-fall accidents. The SC250 uses a powerful 36 V Lithium battery that provides up to 40 minutes of run time and operates at only 66 dB A, allowing for daytime cleaning and cleaning of noisesensitive areas. The cordless design ensures a safer cleaning environment and flexible cleaning options.

- Sweep, scrub and dry in a single pass
- Ideal design for scrubbing small spaces quickly
- Cord-free and quiet operation
- Creates a cleaner environment than mopping
