

**KÄRCHER**

# INDOOR CLEANING HEROES.

Unleash the full power.

PROFESSIONAL | KÄRCHER BATTERY UNIVERSE

A woman with dark hair in a ponytail, wearing a light-colored polo shirt under a dark vest and jeans, is using a black steam cleaner with a white brush attachment to clean a glass display case. A thick plume of white steam is rising from the brush. The setting appears to be a modern office or retail space with large windows in the background. In the foreground, there are green plants. A black power unit for the steam cleaner is visible on the floor to the right.

# CLEAN THE INDOORS LIKE YOU MEAN BUSINESS.

Turn your attention indoors and clean like a Professional with machines from our handpicked selection of indoor cleaning heroes. Whether the upholstery has seen better days and needs some TLC or your current vacuuming solutions aren't up to scratch, freshen up your indoors and don't look back with these machines that mean business.

# T RANGE - ONE OF OUR FAVOURITES.

Compact and noticeably quiet: our dry vacuums can go anywhere that's needed.

Our range of Kärcher dry vacuum cleaners are specially designed to meet the requirements of professional customers. Offering a quality clean that doesn't disturb those around, the ideal partner for cleaning in noise sensitive areas while protecting the user at the same time. The low weight, yet robust and durable design of our dry vacuum cleaners can be something to shout about, a cleaning companion that's ready to work like a pro.

# NT RANGE - FOR EVERYTHING YOU COULD POSSIBLY VACUUM.

Without exception, our wet and dry vacuum cleaners all impress with their high quality and long service life, as well as innovative filter engineering and first class ease of use.

Pure suction power alone tells you nothing about the true power of our wet and dry vacuum cleaners. The overall design, including the filters, controls, ergonomics, stability and array of accessories, should be the deciding factor. With our innovative technologies, we've been setting new standards again and again for decades.

# PUZZI RANGE - THE UPHOLSTERY REVIVER.

Portable, compact and powerful. Our spray extraction cleaners and steam cleaners achieve hygienic cleanliness in no time.

When hygiene really counts, our spray extraction machines make all the difference. The Puzzi 8/1 C, Puzzi 9/1 Bp Pack and Puzzi 10/1 are spray extraction cleaners which work according to the spray extraction principle: water mixed with cleaning agent is sprayed onto the upholstery and then powerfully vacuumed up again by a nozzle. This completely removes even the most stubborn dirt from the deepest areas, leaving none behind.

# SG - THE COMPACT POWERHOUSE.

Hygienically clean without the need for chemicals.

The two tank system reduces heat up times and lets you work without any interruptions. Top up the fresh water tank while you work because it is separate from the steam section. When combined with the compatible accessories, you can use our steam cleaner range to clean both hard surfaces and fabric surfaces perfectly – without chemicals. Removing stubborn dirt in no time!
